

Description: Procom is the biggest community of student that come together every year to host PROCOM, the flagship event of FAST - NUCES Karachi

About: Procom is a flagship event of FAST Karachi Campus that's maintained its tradition from the past 25 years. The event is a means to promote a culture of community building, engagement and to enclose the gap between the academia and the industry. Multiple categories of competitions are held where students from FAST and other institutes get to showcase their skills in a healthy competitive environment.

Another highlight of the event is the job fair where companies from across Pakistan show up for recruitment and engagement with the students. There are discussion panels consisting of seasoned professionals where students can engage with them get insights into the industry.

How can someone participate?

One can participate in Procom by registering in the events and competitions on the Campus Connect portal.
